Opening Remarks From the Chairman

Joe : Thank Allen for his service to the foundation for the last two years, Allen did a good job for me. We started two years ago down this road and needed to stop being command and control. Think we have made a good start and have a long way to go our first we need to listen to the campers and bring their input back even if it isn't what each of might want. Furthermore as an organization we can have our differences but once the board has made a decision we need to close ranks and explain to the campers why those decisions were made. We certainly have made great financial strides over the past two years but still have a long way to go. We have stopped the red ink and hopefully will continue to do so.

Chairman's course for this year I would like to install sound business practices, so it is therefore easily passed on to future boards. To start this off I would suggest we develop an operations manual. As we establish a procedure it is added and we will then have one book for delegates and bookshelves.

I see this board as a working board, meaning we cannot have anyone sit back on the sidelines. Everyone needs to help tackle a little piece. We need to help booshways as well as help to find sights. Listen to our campers.

I am discharging all standing committee chairs as of now, and will reappoint soon.

Motion by Jennifer Beaty

To Have the delegate not incharge review all expenses and sort it all out.

Motion seconded Jerry Middenndorf

Vote 4 for 7 opposed

Motion failed

Winston Roland and Jerry Middendorf have accepted to come up with a program for the youth rifle range to begin setting up a program outside of regular competition. A set of bullet points on how to lay out a range.

For The Good Of The Foundation

Motion By Jerry Heister That the board set limitation on moneys spent on staff gifts and haversacks.

Seconded by John Lammons

Vote 10 for 0 opposed 1 abstain

Jerry Heister has agreed to head a committee to come up with guide lines and limitations. Will have a report by December meeting

All committees should have all their drafts out by Thanksgiving for what they have volunteered to do.

We as a whole need to set definitive guidelines and hold ourselves responsible to abide by them.

Also asking that everyone find a place they feel they will be of the most use and find a way to work with someone else on the board to get it done, we all need to help and try and get all things done that we need to.

What is the status of the purchase of D&O insurance?
Nothing has been done.

Motion by John Lammons to adjourn

Seconded by Allen Benslay
